(a) Each light of safety glazing material manufactured, imported, or sold for use in hazardous locations or installed in such a location within the State of Maryland shall be permanently labeled by etching, sandblasting, firing of ceramic material, hot-die stamping, or by other suitable means. The label shall identify the labeler, whether manufacturer, fabricator or installer, and the nominal thickness and the type of safety glazing material and the fact that the material meets the test requirements of the American National Standards Institute Standard [ANSI z-97.1-1971] ANSI Z 97.1 - 1984, or as may be amended. The label must be legible and visible after installation.

(c) Permanent labeling of wire glass, laminated glass or rigid plastics, that are further fabricated after manufacture, is not required if the seller or installer of the wire glass, laminated glass or rigid plastics, furnishes to each buyer thereof a certificate stating that the wire glass, laminated glass or rigid plastics, meets the test requirements of ANSI Standard [z-97.1-1971] ANSI Z 97.1 - 1984, or as may be amended.
